## MESSAGE

1. It gives me immense pleasure to know that C-DAC Hyderabad is organizing a national level conference on e-Learning and e-Learning Technologies called ELETECH INDIA 2005 during August 8-9, 2005 at Hyderabad.
2. In this age when the physical boundaries have shrunken and knowledge access is facilitated through virtual mode, the seminar of this nature is of immense value in bringing out the benefits of distance neutralization mode of learning.
3. I am very sure that the deliberation would make the participants aware of the existing e-Learning Technologies and would lead to identification of the need of future technologies in e-Learning and come out with concrete action plan.
4. I wish the programme a grand success.
